I'm passionate, and I care about this state and its people. I want to do what is best for our district.

**Q28**

Do you support an Article V, Convention of States to address proposals that would limit the power and jurisdiction of the federal government, impose fiscal restraints (balanced budget amendment), and place term limits on federal officials?

**Other,**

Please explain your answer:

I would rather that congress impose fiscal restraints, set term limits, and limit their power, however, it appears that they are incapable of setting restrictions on themselves. I would fully support a Convention of States to handle these issues if there were guidelines in place to make sure the convention stayed on task. Right now they can write their own rules, set their own agenda, and choose a new ratification process. There is nothing in the Constitution to prevent a constitutional convention from being expanded in scope to issues not raised in convention calls passed by the state legislatures and therefore could lead to a runaway convention. If these issues were address beforehand, I think we could have a successful Convention of States.
