We need an overhaul of the City regulaton and Licensing statutes is required. The current unmanageable volume of senseless regulations drives many businessess from Las Cruces and deters others from considering our state as their home.

---

The open border is destroying our families. The ravages of drug addiction are a great contributor to crime and unsafe neighborhoods. We must address addiction. I would like to have a Drug Addiction Task Force in the Fire Department. Colloborate, lobby with state legislators and the DA to stop the catch and releae and work on Bail Reform

**Q12**

Regarding the growing homeless situation, what is your plan as Mayor to address the needs of this population?

I recognize that homeless encampments can pose significant fire and safety hazards, as well as serve as hot spots for drug use and overdoses, endangering the well-being of both the homeless population and the broader community.

My approach involves a two-fold strategy. First, I intend to work closely with local social service agencies to provide outreach and support to homeless individuals, connecting them with shelter options, mental health services, addiction treatment, and employment opportunities. By addressing the underlying causes of homelessness and offering a pathway to stability, I aim to help individuals transition away from encampments voluntarily.

To ensure the safety of both homeless individuals and the community, I plan to collaborate with relevant city departments, law enforcement, and fire services to identify and relocate encampments that pose significant safety risks. The goal is to relocate individuals to safer, more suitable locations, where they can receive the assistance they need without compromising their well-being.
