Q8

No

Have you ever been arrested, charged, or convicted of a misdemeanor or felony crime in New Mexico or any other state?

Q9

What will be your #1 priority and what is your plan of action to address it, if elected?

Term limits! I have signed a pledge with U.S. Term Limits, a nonpartisan organization. 87% of Americans support them. If elected, I will introduce legislature to this effect.

I also oppose salaries for politicians.

Q10

Returned to taxpayers.

Recently, New Mexico has enjoyed record budget surpluses in the \$3.5 billion range. What do you feel is the best use of surplus funds? (Please select and explain your top priority for surplus funds.)

Q11

Support (Please explain.),

Do you support or oppose the use of the Gross Receipts Tax system currently in effect?

Other or comments::

The money has to come from somewhere. GRT is a very effective way of collecting taxes. I would even propose New Mexico get rid of the State Income Tax, as 9 states have already done.

Q12

Support (Please explain.)

Do you support or oppose the current bail system our courts are using?

Q13

Other or comments::

Crime has reached an all-time high in New Mexico. What do you think the state legislature could do to address crime?

Increase the size of law enforcement. This opinion originates with the law enforcement officers themselves. Albuquerque PD especially is severely understaffed.

Q14

New Mexico has passed laws that govern employer-employee relations such as increased minimum wage and paid time off among others. There have also been discussions about Paid Family Medical Leave Act (PFMLA), a living wage, and shortened work weeks. If elected, what position will you take on additional regulation of businesses on issues like those mentioned?

I will not support additional government regulations on employer-employee relations.

Q15

New Mexico's state tax revenue is largely funded by oil and gas producers who operate under some of the most stringent environmental regulations in the country. Do you support or oppose continued oil and gas production in NM?

Support.

Q16

Do you feel that environmental regulations need to be increased or expanded from their current levels regarding New Mexico's land, air, and water?

No; the environmental regulations we currently have in place work well for our state.

Q17

What is your position on mandatory requirements for state-funded incentives that include pay-back measures if the requirements are not met?

Oppose.

Q18

Do you support or oppose changing the constitution and/or laws to require legislative approval for any emergency declaration/order lasting more than 60 days?

Oppose.

Q19

What is your position on abiding by the state constitution?

I support abiding to the state Constitution as written.

Q20

Is there anything else you would like to share about your candidacy or your desire to serve the people of your district?

no
