What are your past political activities (Offices held, candidate, volunteer, etc)

I have been a victim advocate for the last 6.5 years fighting for stronger crime penalties, more mandated education or trade work training and behavioral health while people are incarcerated and more victim support across the state.

Q10

Why are you seeking this office?

My life changed on the night of June 26, 2015 when my son Jaydon was shot and killed in a drive by shooting where he was not the indented target. I was thrown into the judicial system as saw firsthand how the criminals are treated as victims and have more rights than we do. They are not held accountable for their actions. It was then that I went legislative session in January 2016 and saw that side of the world and started to try and strengthen our crime laws in New Mexico and have never stopped fighting. I believe that crime should not be a partisan issue and that we need to work together in order to fix this broken system.

I think we need to work on our public education system in this state to include career ready and trade work if students know they are not college bound. this way businesses have a workforce ready. I am pro-business and wish to re-energize new businesses; however if we don't address the crime problem we can't attract new business in our state.
